Unopiù projects its vision of the outdoors through the eyes of designers that, inspired by traditions, give form to the Company's values creating signature products that embody the quality and unique style of Unopiù.

It -

Unopiù interpreta la visione dello stile outdoor attraverso lo sguardo dei designer che, ispirati dalla tradizione, hanno tradotto i valori dell'azienda firmando prodotti capaci di raccontare la qualità e lo stile unico di Unopiù.

Fr -

Unopiù interprète la vision du style outdoor à travers le regard des designers qui, inspirés par la tradition, ont traduit les valeurs de l'entreprise en signant des produits capables de raconter la qualité et le style unique d'Unopiù.

Matteo Thun

Several years a professor in ceramic design at the Vienna University of Applied Arts and creator of era-defining pieces, Matteo founded his eponymous design studio in 1984 where he would establish himself as one of his generation's most influential voices and talents.

A pupil of Oskar Kokoschka and Emilio Vedova at the Salzburg Academy and an Architecture graduate of the University of Florence, Matteo's formative professional years were spent under the guardianship of Ettore Sottsass. Together, they co-founded the globally renowned Memphis Group in 1981.

From his headquarters in Milan and Munich, Matteo continues to nurture an architecture and design practice that strives to create conscious, respectful, and long-lasting solutions through a future orientated lens.

Benedetto Fasciana

Architect and Designer, Benedetto Fasciana's appreciation of craftsmanship and proportion as priority defines his approach to architecture and design.

An architecture graduate of University of Ferrara, Benedetto's expertise in interior design and product design was honed from his background in ceramic art and creating retail and exhibition spaces for world-renowned brands during his time as Art Director at White Design in Venice.

Since joining Matteo Thun & Partners in 2014, Benedetto has been responsible for the creation of iconic furniture and lighting solutions that reflect his passion for artisanal craftsmanship and the studio's shared design values of simplicity, functionality and timelessness.

Matteo Nunziati

Specialized in luxury hotels, wellness centers, SPA and residential projects, Matteo Nunziati has realized projects over the years in Italy, United Arab Emirates, Qatar, Saudi Arabia, Kuwait, India, Maldives, China, USA. Particularly significant the collaboration with the Trump Organization, world leader in the real estate.

Other projects that sign Nunziati's story are the Radisson Blu Residence in Dubai Marina, the Radisson Blu Hotel Apartments Dubai Silicon Oasis, the Aston Martin Residences in Miami, the Oryx Tower in Doha, a 22-story luxury residential building and the Al Mourjan Business Lounges - The Garden at Hamad International Airport both for Qatar Airways winner of the World's Leading Airline Lounge - Business Class 2023.

His most outstanding residential projects are the Bosco Verticale penthouse in Milan and the skyscraper penthouse in New York at 432 Park Avenue.

Andrea Andretta

Andrea is a creator with well-versed experience in the field of Design, acquired by working for various Italian and international furniture and fashion brands.

Andrea is based in Milan, where he opened his own Studio - Andrea Andretta Studio - in 2016, after a few years living and working in London, Florence, and Sydney.

Born in 1985, Andrea has an Industrial and Interior Design Degree from the University of Florence. His design thinking perceives space as part of the balance between the object and its environment, all fused together by strong passion, aesthetic taste, and functionality.

Daniel Jarefeldt

Born in 1983 Daniel is Stockholm based product and furniture designer. He is educated at Lunds Tekniska Högskola and University of Technology in Sydney and has been working as a product designer and interior architect since 2010.

Between 2010 and 2018 Daniel was a part in starting and developing the Product Design Studio at one of Swedens largest architectural offices. Since 2020 Daniel has his own studio with a focus on product and furniture design. He uses a structured design process based on design methodology.

The aim is to create products with a clear function and an own identity based on a human centered approach. Products that are honest in construction and material and that becomes a natural part of their surroundings.

Gio Tiroto

«I like to think that a designer is like a bridge that connects the idea to the final message, a bridge made of shape, details and function.»

Gio Tiroto doesn't focus on any specific product group, instead he works to build an artistic language that crosses all different fields of design: from the industrial product to the limited edition, from interiors to temporary set ups and brand's art directing.

Gio Tiroto artistic language is based on the consistency of the idea and depth of research, that is able to use technique to shape a project at its best.

Andreucci & Hoisl

Alessandro Andreucci was born in Macerata in 1968. After graduating in mechanical engineering, he studied industrial design at the State Academy of Arts at Stuttgart, in Germany.

He started work in Munich, in Germany, with Siemens Design & Messe and then with System Design. In 2000 he returned to Italy to join iGuzzini Illuminazione, working mainly on designs by the Renzo Piano firm of Paris. In 2003 he lived and worked in London, working in particular with the Ron Arad firm. He has had his own industrial design office since 2004. He works on a permanent basis with Christian Hoisl, a German designer with office in Munich, with whom he won the Red Dot Award, for the Pan chair by Garpa, in 2010.

Also in 2010, Ombrella, a Viabizzuno design developed with Mario Nanni, was selected for inclusion in the ADI Design Index.

A functional formal idiom with an emotive bonus - this sums up the design approach that Christian Hoisl has made his own. After studying industrial design in Munich, he and a business partner began to design office furniture, kitchen systems, outdoor furniture and lifestyle accessories for leading clients. In 2000 Christian Hoisl established his own design office in Munich and undertakes product development work on furniture, accessories and domestic appliances for various German and Italian manufacturers.

Salò Collection

Design by
Matteo Thun
& Benedetto Fasciana

En

An outdoor collection communicating the feeling of the northern Italian lake landscape - designed by Matteo Thun and Benedetto Fasciana

Starting from a classic, Salò is designed as a stylistic passe-partout celebrating the lightness of the modernist movement, timeless materials and ease. The seating system is a tribute to 'lago di Garda', memorizing its freshness, its colours – and the fragrance of the place.

Salò combines the spirit of the modernist movement and its timelessness with outstanding comfort and high-end fabric in multi choices. Balancing the super-light and delicate structure, made from aluminum, the different furniture pieces are designed bearing the idea of 'a pillow in the back' - with bold backrests to improve comfort.

It

Design by Matteo Thun e Benedetto Fasciana, la collezione Salò comunica la sensazione del paesaggio lacustre del nord Italia.

Partendo da un classico, Salò è concepita come un passe-partout stilistico che celebra la leggerezza del movimento modernista, i materiali senza tempo e la disinvoltura. Il sistema di sedute è un omaggio al lago di Garda, di cui ricorda la freschezza, i colori e la fragranza del luogo.

Salò combina lo spirito del movimento modernista e la sua atemporalità con un comfort eccezionale e tessuti di alta gamma in diverse varianti. Bilanciando la struttura superleggera e delicata, realizzata in alluminio, i diversi elementi d'arredo sono progettati con l'idea di "un cuscino nella schiena" - con schienali audaci per migliorare il comfort.

Fr

Une collection d'extérieur évoquant le paysage lacustre du nord de l'Italie, signée par Matteo Thun et Benedetto Fasciana.

Selon une démarche classique, Salò est conçu comme un passe-partout stylistique célébrant la légèreté du mouvement moderniste, des matériaux intemporels et une facilité d'usage.

Le système est un hommage au lac de Garda, remémorant sa fraîcheur, ses couleurs et le parfum du lieu. Salò combine l'esprit du mouvement et son intemporalité avec un confort exceptionnel et un large choix de tissus haut de gamme. Combinant légèreté et délicatesse de la structure réalisée en aluminium, les différentes pièces ont été conçues selon l'idée « d'un oreiller dans le dos » avec des dossiers audacieux pour améliorer le confort.

En ~

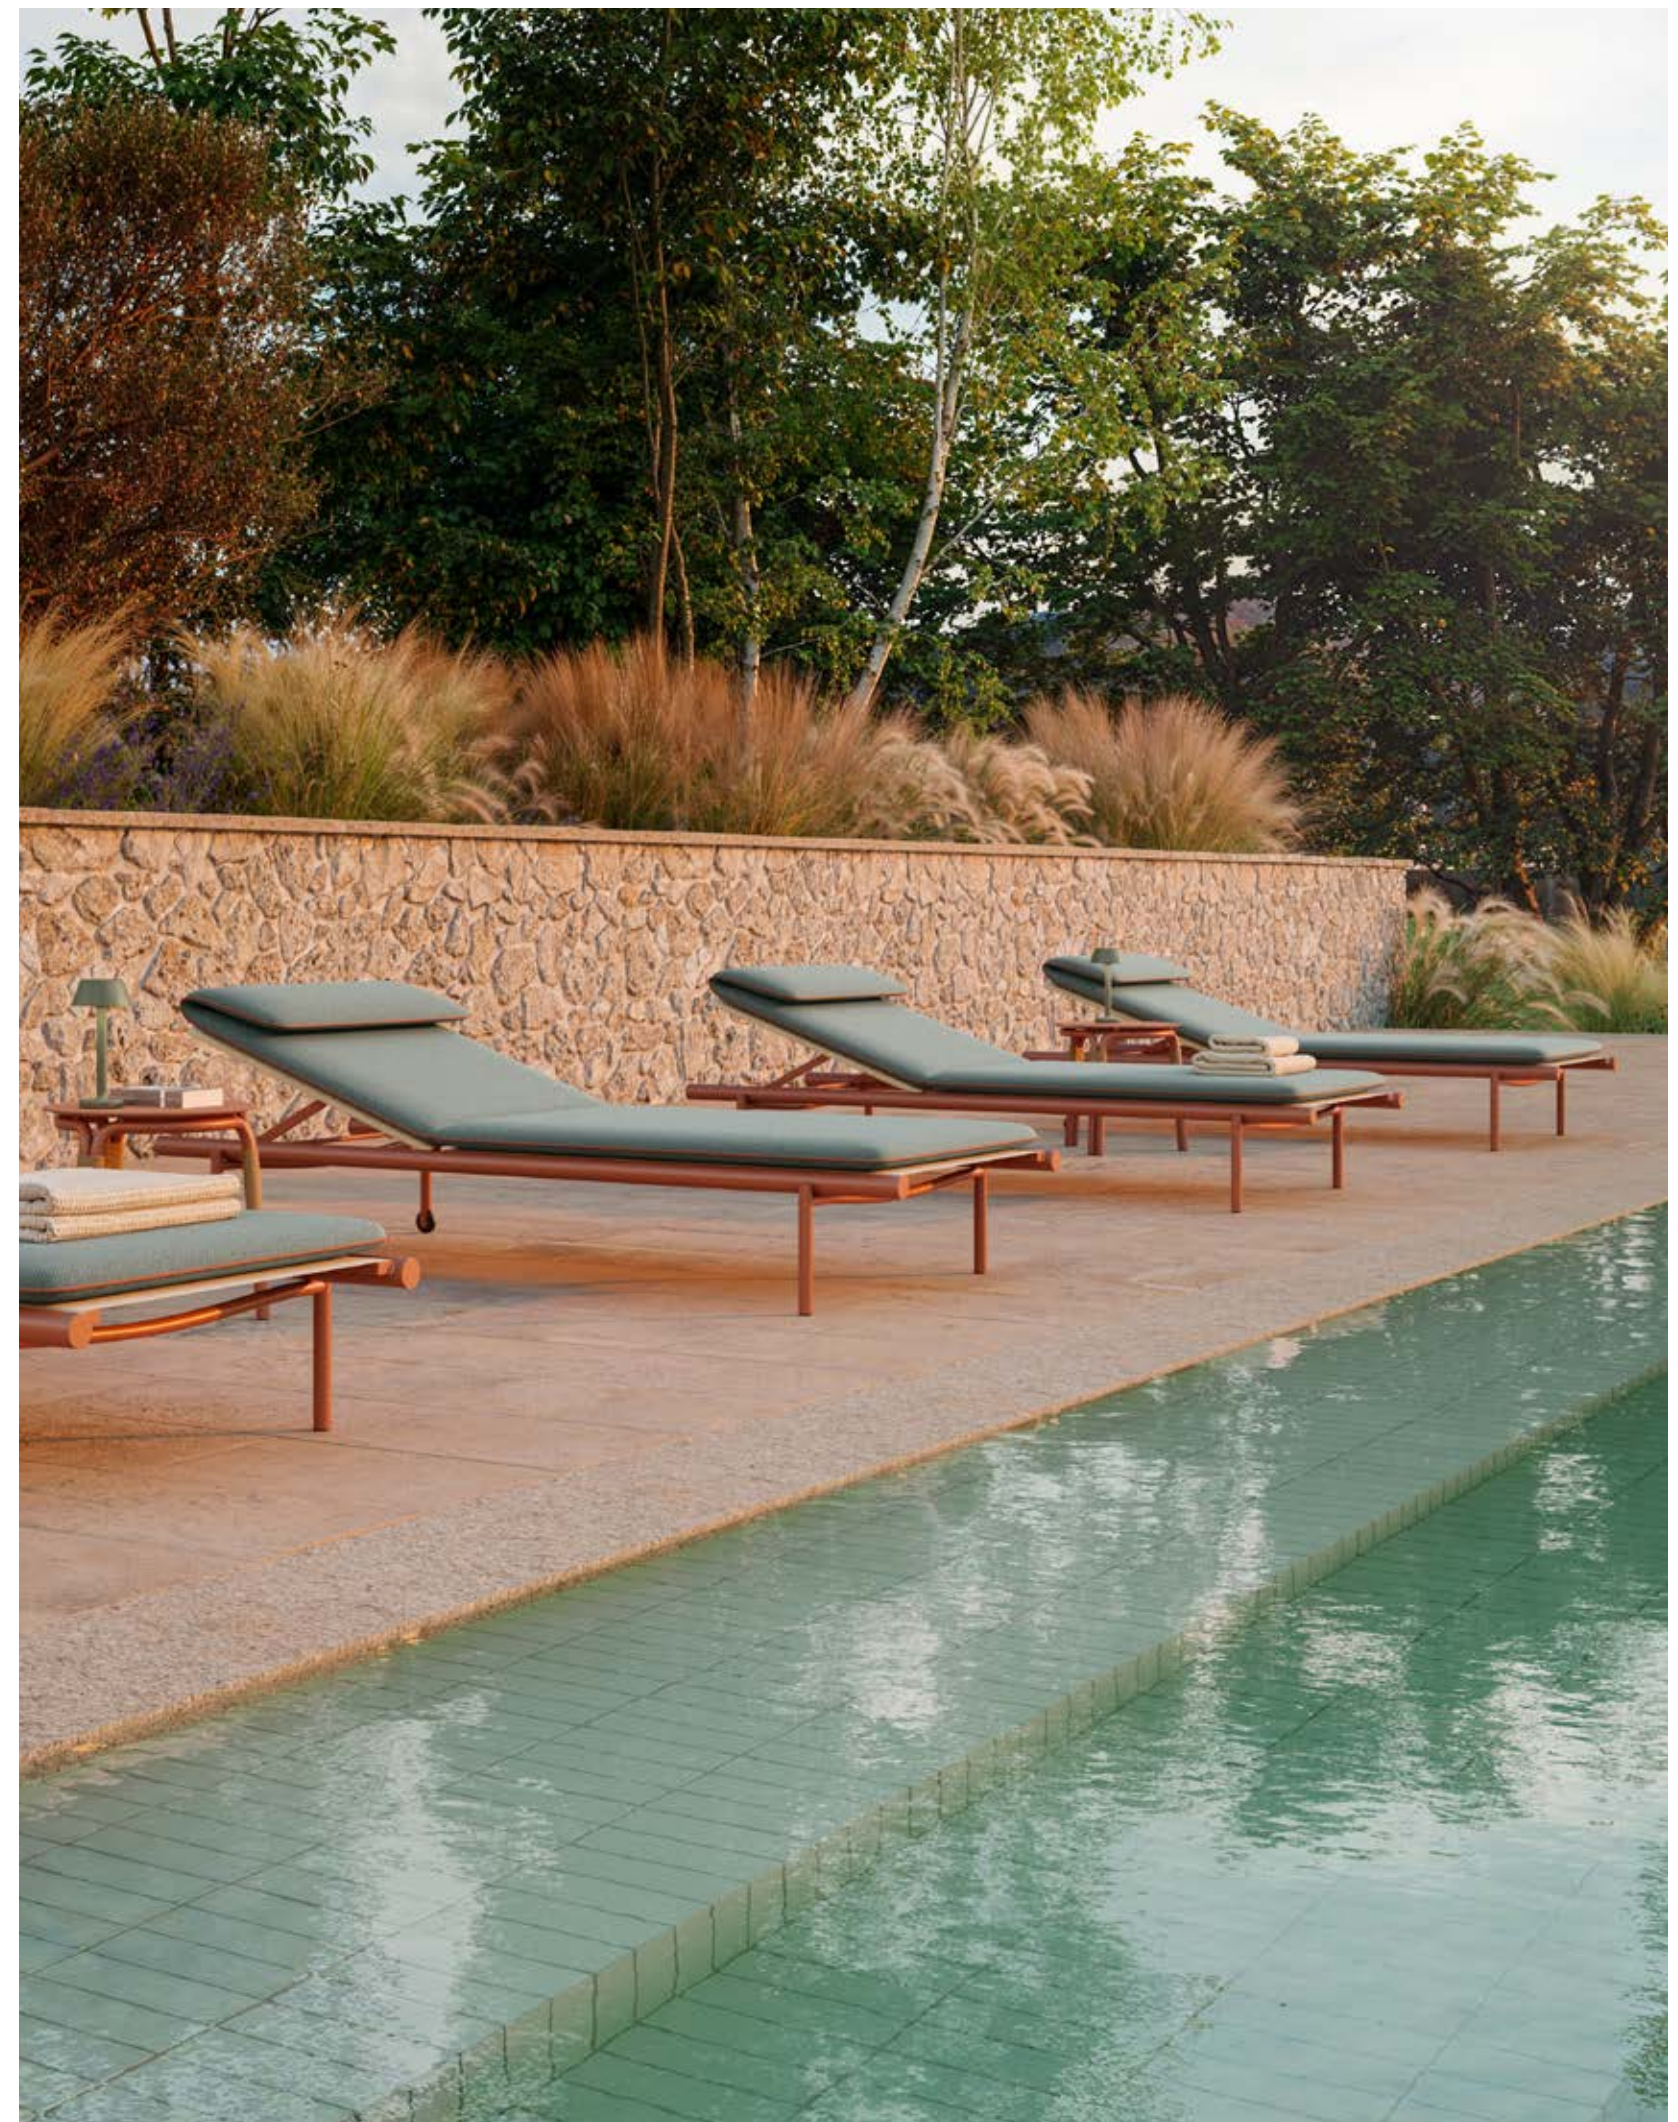

The collection includes dining chairs, armchair, sofa, tables and accessories such as a sunbed and coffee tables, partially stackable. Designed to be flexible and variable Salò is easy to manage, conveys a typical Italian approach with a contemporary vision and perfectly integrates in various architecture and interior projects – be it in a private or in a hospitality environment.

It ~

La collezione si compone di sedie da pranzo, un divano e poltrona, tavoli e accessori quali un lettino e tavolini, parzialmente impilabili. Progettata per essere flessibile e variabile, Salò è facile da gestire, trasmette un approccio tipicamente italiano con una visione contemporanea e si integra perfettamente in diversi progetti di architettura e di interni, sia in un ambiente privato che in uno spazio contract.

Fr ~

La collection est constituée de chaises, de fauteuils, d'un canapé, de tables et d'accessoires tels qu'un transat et des tables basses, partiellement empilables. Conçu pour être flexible et variable, Salò est simple à appréhender, véhiculant une approche typiquement italienne avec une vision contemporaine et s'intégrant parfaitement dans divers projets d'architecture d'extérieur comme intérieur, qu'il s'agisse d'un environnement privé ou dans l'hôtellerie.

Davos Collection

Design by
Matteo Nunziati

En

Design by Matteo Nunziati, Davos is a seating system with infinitely modular elements, designed to be used seamlessly both inside and outdoors, thanks to padding and fabrics that replicate the comfort and softness of indoor furnishings. The very lightweight structure is easy to transport and can be assembled in an intuitive way due to the highly sophisticated and innovative production technology. In 2025 Matteo Nunziati expands the collection with two new entries: a sunlounger and a pouf.

It

Firmato dal designer Matteo Nunziati, Davos è un sistema di sedute a elementi modulabili all'infinito, progettato senza soluzione di continuità tra indoor e outdoor, grazie ad una imbottitura e a tessuti che replicano il comfort e la morbidezza degli arredi da interno. La struttura, molto leggera, è facilmente trasportabile e componibile in modo intuitivo grazie ad una tecnologia di produzione altamente sofisticata ed innovativa. Nel 2025 Matteo Nunziati espande la collezione con due new entry: un lettino ed un pouf.

Fr

Signé par le designer Matteo Nunziati, Davos est un ensemble d'éléments modulables à l'infini, conçu de manière à assurer une continuité entre intérieur et extérieur, grâce à un rembourrage et à des tissus qui reproduisent le confort et la douceur du mobilier d'intérieur. La structure, très légère, est facilement transportable et modulable de manière intuitive grâce à une technologie de fabrication hautement sophistiquée et innovante. En 2025, Matteo Nunziati développe la collection avec deux nouvelles entrées: bain de soleil et pouf.

Treble Collection

En

Bi-material, in aluminium and cord, the Treble collection is characterised by its lightness, clean lines, high performance when used outdoors and its aesthetic rigour, qualities that make it easily adaptable to urban and residential settings. There are four finishes for the frame and weave: graphite, sage, terracotta and sand. In addition to the modular seating, a rectangular coffee table is also available with a solid teak top.

It

Bimaterica, in alluminio e corda, la collezione Treble si caratterizza per la leggerezza, la purezza delle linee, l'alta performance nell'utilizzo outdoor e il rigore estetico, qualità che la rendono facilmente adattabile a contesti urbani e residenziali. Quattro le finiture della struttura e dell'intreccio: grafite, salvia, terracotta e sabbia. Oltre alle sedute modulari è disponibile anche un coffee table rettangolare con solido piano in teak.

Fr

Bi-matière, en aluminium et corde, la collection Treble se caractérise par la légèreté, la pureté des lignes, l'excellente résistance en extérieur et la rigueur esthétique, des qualités qui lui permettent de s'adapter aux contextes urbains et résidentiels. Quatre finitions de la structure et du tressage : graphite, sauge, terracotta et sable. En plus des sièges modulaires, une table basse rectangulaire avec plateau en teck massif complète l'ensemble.

En

Precious detail, the handcrafted weave of synthetic rope - a material that offers a high performance of weather resistance while recalling to the eye and touch the warmth and softness of natural rope - draws armrests and backrest of the armchair, sofa and modular system.

It

Prezioso dettaglio, l'intreccio artigianale di corda sintetica - materiale che offre un'elevata performance di resistenza alle intemperie pur richiamando alla vista e al tatto il calore e la morbidezza della corda naturale - disegna braccioli e schienale della poltrona, del divano e del sistema modulare.

Fr

Détail précieux, le tressage artisanal en corde synthétique - matériau qui offre une grande résistance aux intempéries tout en rappelant à la vue et au toucher la chaleur et la douceur de la corde naturelle - dessine les accoudoirs et le dossier du fauteuil, du canapé et du système modulaire.

Coco Collection

Design by
Andrea Andretta

En

Inspired by the iconic chair from the '70s, Andrea Andretta's new Coco collection brings contemporary freshness and purity of lines, without forgetting its roots, identity, and the essence of Italian lifestyle. Lightness, versatility, and a three-dimensional twist are the main assets of the Coco collection. A cool design with an aesthetic reading: the frame – a tubular galvanized iron structure – and the polypropylene cord, stretched and braided, are the common thread at the heart of the collection.

It

Ispirata all'iconica sedia degli anni '70, la nuova collezione Coco di Andrea Andretta porta con sé freschezza contemporanea e purezza di linee, senza dimenticare le radici, l'identità e l'essenza del lifestyle italiano. Leggerezza, versatilità e tridimensionalità sono i punti di forza della collezione Coco. Un design fresco con una lettura estetica: il telaio – una struttura tubolare in ferro zincato – e la corda in polipropilene, tesa e intrecciata, sono i punti di forza della collezione Coco.

Fr

Inspirée de la chaise emblématique des années 70, la nouvelle collection Coco d'Andrea Andretta affiche une fraîcheur contemporaine et des lignes épurées, tout en préservant ses racines, son identité et l'essence de l'art de vivre à l'italienne. Légèreté, polyvalence et tridimensionnalité sont les principaux atouts de la collection Coco. Un design frais faisant montre d'un souci esthétique : l'armature, une structure tubulaire en fer galvanisé, et la corde en polypropylène tendue et tressée sont le fil rouge de la collection Coco.

En -

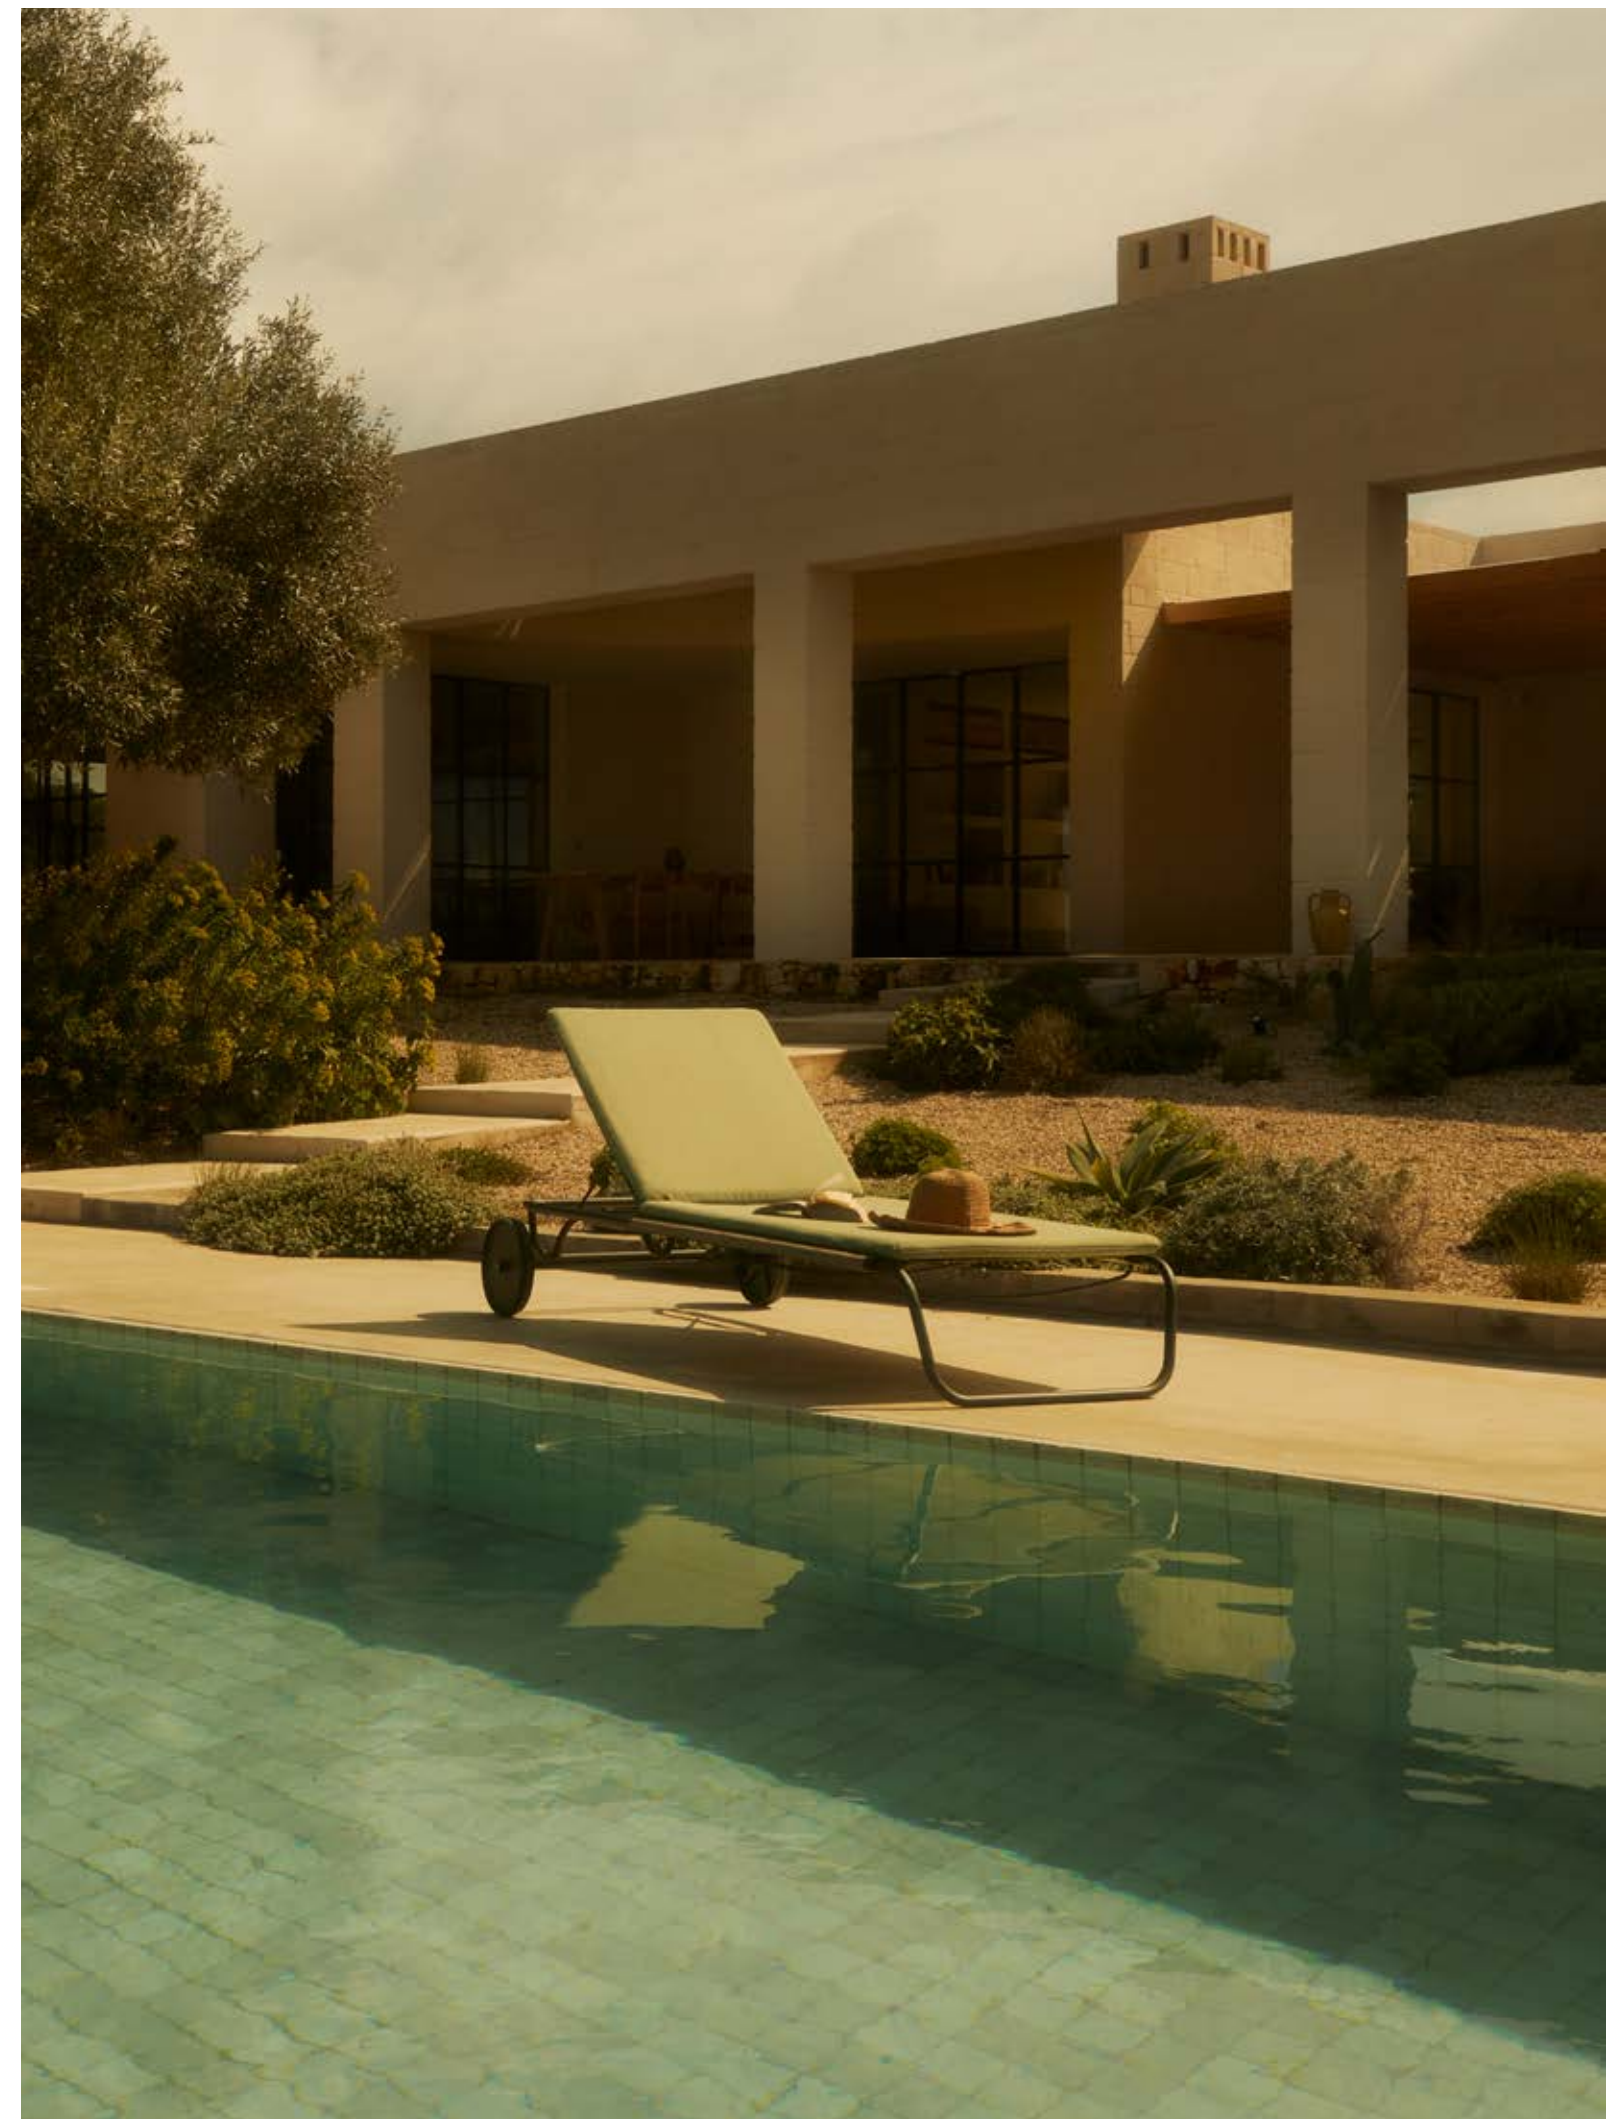

Ease of handling is ensured by the large wheels at the rear, which allow it to be moved practically.

It -

La maneggevolezza del lettino è garantita dalle grandi ruote posteriori che consentono di spostarlo con praticità.

Fr -

La maniabilité du bain de soleil est garantie par ses grandes roues arrière qui permettent de le déplacer.

En -

The collection is completed by a round dining table decorated with rope details; a bar table and stool, especially suitable for contract settings.

It -

Completano la collezione un tavolo dining rotondo impreziosito da dettagli in corda; uno sgabello e un tavolino da bar, adatti soprattutto a contesti contract.

Fr -

La collection se complète avec une table dining ronde ornée de détails en corde; un tabouret et une table haute, particulièrement adaptés à l'univers Contract.

Lulù Collection

Design by
Daniel Jarefeldt

En

Lulù is a lounge chair, designed by Daniel Jarefeldt, for a wide range of environments, both public and private, outdoor and indoor. Lulù has an elegant and timeless identity but at the same time playful and light, because it resembles a swing. The inspiration initially derives from rattan easy chairs from the 1950s but the form is rationalised into a more contemporary look. The hanging seat in canvas also references classic sun chairs and contributes to a design that gives a light and easy impression. The material palette of coloured metal, warm textile, tactile leather and wooden details contribute to a sophisticated and elegant appearance.

It

Lulù è una poltrona lounge, progettata da Daniel Jarefeldt, per un'ampia gamma di ambienti, sia pubblici che privati, sia indoor che outdoor. Lulù ha un'identità elegante e senza tempo ma al contempo giocosa e leggera, perché ricorda un'altalena. L'ispirazione deriva inizialmente dalle poltrone in rattan degli anni Cinquanta, ma la forma viene razionalizzata in un look più contemporaneo. Anche la seduta sospesa in tela fa riferimento alle classiche sedie a sdraio e conferisce un design che dà un'impressione di leggerezza e semplicità. La palette dei materiali, composta da metallo colorato, tessuto caldo, pelle tattile e dettagli in legno, contribuisce a creare un aspetto sofisticato.

Fr

Lulù est un fauteuil lounge conçu par Daniel Jarefeldt, pour une large gamme d'espaces, à la fois publics et privés, intérieurs et extérieurs. Lulù a une identité élégante et intemporelle, mais aussi ludique et légère, puisqu'elle ressemble à une balançoire. L'inspiration vient initialement des fauteuils en rotin des années 1950, mais la forme est rationalisée dans un look plus contemporain. Le siège suspendu en toile fait également référence aux chaises longues classiques et contribue à distiller un design qui donne une impression de légèreté et de simplicité. La palette des matériaux, composée de métal coloré, de tissu chaud, de cuir tactile et de détails en bois, contribue à créer un aspect sophistiqué.

Nanda Collection

Design by
Gio Tiroto

En ▶

Nanda, by Gio Tiroto, is inspired by the wonderful bergère, an armchair that has won over and influenced artists and designers from the eighteenth century to the present day. The minimalist design of Nanda deconstructs the iconic bergère by making limited use of materials, giving it a decidedly contemporary appeal, perfect for outdoors. The Nanda frame is made of galvanised and powder coated iron in the colour of sand or graphite, and it has been carefully designed to be easily stackable. The seat padding is made of Batyline Serge Ferrari fabric in the shades of brick red and sand.

It ▶

Nanda, firmata da Gio Tiroto, si ispira alla meravigliosa bergère, poltrona che ha influenzato artisti e designer dal Settecento fino ai giorni nostri. Il disegno minimalista di Nanda, destruttura l'iconica poltrona, facendo un uso minimo di materiali, conferendole un appeal decisamente contemporaneo, perfetto per l'outdoor. La struttura di Nanda è realizzata con ferro zincato e verniciato color sabbia o grafite, e grazie a un'attenta progettazione, è facilmente impilabile. L'imbottito della seduta è realizzato in tessuto Batyline Serge Ferrari nelle tinte del mattone e sabbia.

Fr ▶

Nanda, signée par Gio Tiroto, s'inspire de la merveilleuse bergère, fauteuil qui conquiert et influence artistes et designers du XVIIIe siècle jusqu'à nos jours. Le design minimaliste de Nanda, déstructure la bergère iconique en utilisant un minimum de matériaux, lui donnant ainsi un attrait résolument contemporain, parfait pour le grand air. La structure de Nanda est réalisée en fer galvanisé et peint de couleur sable ou graphite, et grâce à une conception minutieuse, est facilement empilable. Le rembourrage de l'assise est réalisé en tissu Batyline Serge Ferrari dans les teintes brique et sable.

Luce Collection

En -

Luce collection is created by the encounter of the aluminium frame with the synthetic rope covering armrests and backrest. The collection gets its name from the effects the light plays off the two materials. The tapered legs, slenderer at the bottom, are a feature of the line that confers a sense of lightness to the furnishings, without forfeiting the stability and solidity ensured by the aluminium.

It -

Luce nasce dall'incontro tra l'alluminio della struttura e la corda sintetica che riveste braccioli e schienale. Il nome della collezione si ispira agli effetti luminosi generati dal gioco tra i due materiali. Le gambe rastremate, che tendono ad assottigliarsi all'estremità, sono la peculiarità della linea: conferiscono leggerezza agli arredi senza rinunciare alla stabilità e solidità garantite dall'alluminio.

Fr -

Luce naît de la rencontre entre l'aluminium de la structure et la corde synthétique qui recouvre les accoudoirs et le dossier. Le nom de la collection s'inspire des effets lumineux générés par le jeu entre les deux matériaux. Les pieds effilés, qui ont tendance à s'amincir à l'extrémité, sont la particularité de la ligne : ils donnent de la légèreté au mobilier sans renoncer à la stabilité et solidité garanties par l'aluminium.

En -
The tables in aluminium
are available in round
or square shapes with
the top in both aluminium
and stoneware finishes

It -
I tavoli in alluminio sono
disponibili nella forma
rotonda o quadrata con
finiture sia nella variante
in alluminio che in gres.

Fr -
Les tables en aluminium
son disponibles en forme
ronde ou carrée avec
le plateau en aluminium
et en grès.

En -

The collection includes high tables and stools, making it interesting for contract use in pubs, cafes, public dining, and any other entertainment -type venues.

It -

La collezione comprende tavoli alti e sgabelli ideali per l'uso contract in pub, caffè, ristoranti e qualsiasi altro luogo di intrattenimento.

Fr -

La collection comprend des tables hautes et des tabourets. Ceci la rend particulièrement adaptée aux pubs, cafés, restaurants et autres lieux de divertissement.

En ~

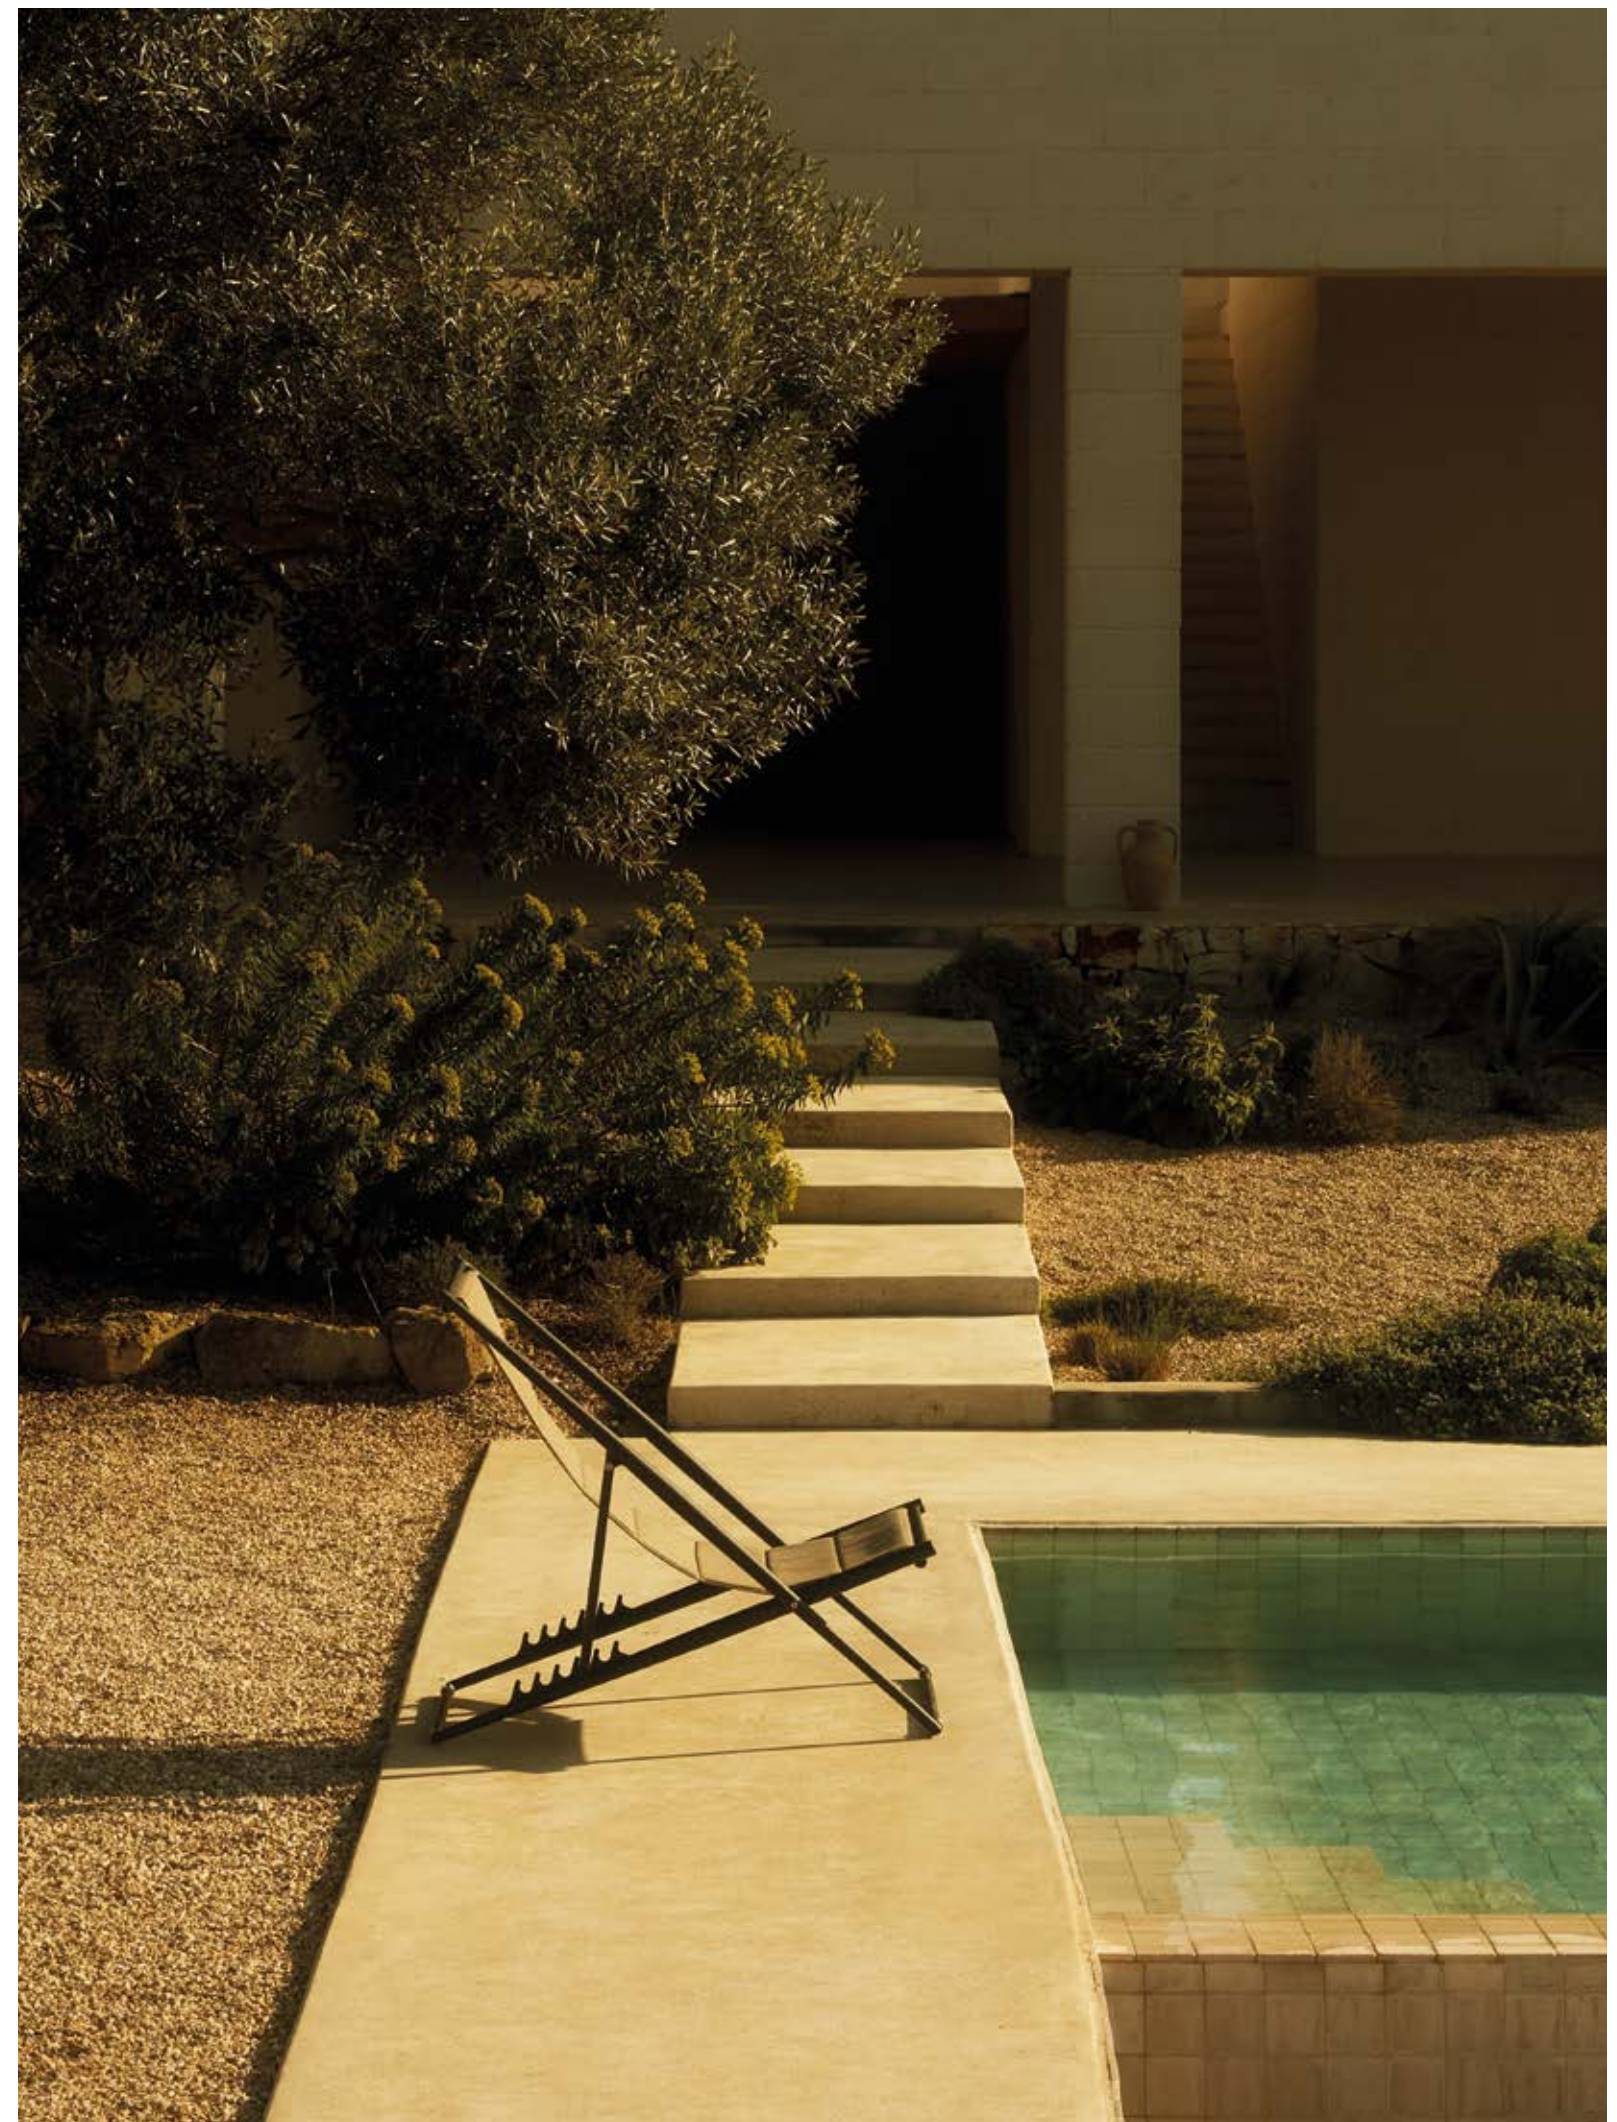

Now included in the Luce collection is the new sunlounger: very lightweight, versatile and comfortable. With an aluminium frame enriched with rope details, it is water and sunlight resistant.

It ~

Entra a far parte della collezione Luce il nuovo lettino: leggerissimo, versatile e comodo. Con struttura in alluminio impreziosita da dettagli in corda; è resistente all'acqua e ai raggi solari.

Fr ~

Une nouvelle chaise longue, légère, polyvalente et confortable, intègre la collection Luce. Avec une structure en aluminium agrémentée de détails en corde, elle est résistante à l'eau et aux rayons du soleil.

Panarea Collection

Design by
Andreucci & Hoisl

En

This beach lounger is made in aluminum with a technical fabric that combines the resistance of PVC with the softness of weft made from polyester chenille. Available in graphite and white.

It

Il lettino è realizzato in alluminio con un tessuto tecnico che unisce la resistenza del PVC alla morbidezza della trama composta da ciniglia di poliestere. Disponibile nei colori grafite e bianco.

Fr

Le bain de soleil est réalisé en aluminium avec un tissu technique qui unit la résistance du PVC à la douceur de la chenille de polyester que composent la trame. Il est disponible dans les couleurs graphite et blanc.

Fresbee Collection

En

With minimalist and simple lines, the new Fresbee coffee table is the perfect combination of functionality and design. The load-bearing frame is available in two versions, teak or graphite-coloured aluminium. The top, with a diameter of 46 cm, made of graphite-coloured aluminium in both cases, is removable and can therefore be used as a tray. The simple and elegant lines of Fresbee, along with the option to choose the base, enable it to integrate easily with the elements of different Unopiù designer collections.

It

Minimalista ed essenziale nelle linee, il nuovo coffee table Fresbee rappresenta il perfetto connubio tra funzionalità e design. La struttura portante è disponibile in due versioni, teak oppure alluminio color grafite. Il top, del diametro di 46 cm, realizzato in alluminio color grafite in entrambi i casi, è asportabile e può quindi essere usato come vassoio. Le linee semplici ed eleganti di Fresbee, insieme alla possibilità di scelta della base, gli permettono di integrarsi facilmente con gli elementi di diverse collezioni firmate Unopiù.

Fr

Minimaliste et épurée dans ses lignes, la nouvelle table basse Fresbee représente la combinaison parfaite entre fonctionnalité et design. La structure portante est disponible en deux versions, teck ou aluminium couleur graphite. Le plateau, d'un diamètre de 46 cm, réalisé en aluminium couleur graphite dans les deux cas, est amovible et peut donc être utilisé comme plateau. Les lignes simples et élégantes de Fresbee, ainsi que la possibilité de choisir la base, lui permettent de s'intégrer facilement aux différentes collections signées Unopiù.

Nacre Collection

En

Perfect for chilling out, relaxing and socialising. Inspired by the French term "nacre", meaning mother of pearl, this armchair features soft lines of the profile and rounded shapes reminiscent of a shell. The conical truncated legs, made of graphite-coloured aluminium, give it stability and lightness. The seat is wrapped in a recyclable WaProLace® synthetic fibre rope, in a warm antique brown colour, which gives it a refined feel.

It

Chillout, rilassante e conviviale. Ispirata al significato del termine francese "nacre", ossia madreperla, Nacre è una poltroncina che si caratterizza per le linee morbide del profilo e le forme tondeggianti che richiamano una conchiglia. Le gambe a tronco conico, realizzate in alluminio color grafite, conferiscono stabilità e leggerezza al prodotto. La seduta è avvolta da una corda in fibra sintetica WaProLace® riciclabile, dal caldo colore antique brown, che le dona un tocco ricercato.

Fr

Chillout, délassante et conviviale. Prenant pour source d'inspiration le sens du terme français «nacre», cette chaise de jardin arbore lignes douces et formes arrondies qui évoquent un coquillage. Les pieds coniques, réalisés en aluminium de couleur graphite, sont un emblème de stabilité et de légèreté. L'assise est enveloppée par une corde de fibres synthétiques recyclables WaProLace® de couleur antique brown, qui lui apporte une touche raffinée.

Experience Collection

En

The Experience collection renovates the sun lounger and dining tables. The sun lounger maintains the characteristic WaProLace® synthetic fibre expertly woven by hand with light and slender lines. The aluminium dining tables are presented in rectangular and square versions, and enriched with a stoneware top.

It

La collezione Experience rinnova il lettino ed i tavoli dining. Il lettino mantiene la caratteristica fibra sintetica WaProLace® sapientemente tessuta a mano con linee leggere e snelle. I tavoli dining in alluminio vengono presentati nelle varianti rettangolari e quadrato, ed arricchiti dal piano ed arricchiti dal piano in gres.

Fr

La collection Experience renouvelle la chaise longue et les tables. La chaise longue conserve la caractéristique fibre synthétique WaProLace®, habilement tissée à la main, avec des lignes légères et élancées. Les tables en aluminium sont présentées dans des versions rectangulaires et carrées, et enrichies d'un plateau en grès.

En -

The light, slender structure mixed with the craftsmanship of the weave make Experience an elegant, sophisticated line.

It -

La struttura leggera e slanciata mescolata all'artigianalità dell'intreccio, rendono Experience una linea elegante e raffinata.

Fr -

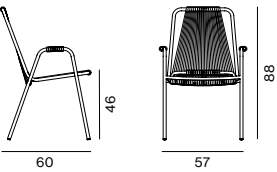

La structure légère et élancée et le tressage de style artisanal apportent une touche élégante et raffinée à la ligne Experience.
